2026 INFO PACK

ELITE ELEVATION *Academy*

Choosing a full-time dance pathway is a big decision for a young person and their family and we want you to feel confident, assured and supported in making this transition.

Here, you will find all of the essential information - timetable and structure, distance education guidelines, expectations, opportunities and our core principles.

If your application is successful, we have also detailed what to do next in preparation for the year, schooling essentials, finalised timetable, and uniform requirements, ensuring every student has the tools they need to thrive in their academic and dance pursuits.

THIS
IS
ONLY
THE
BEGINNING.

2026:

OUR ACADEMY'S SOPHOMORE YEAR.

After a successful inaugural year of Elite Elevation Academy, we are immensely excited to step things up in 2026. Our Academy students demonstrated tremendous growth and we've been fortunate to watch them blossom into studious and driven young performers.

Our Academy continues to promise growth, achievement, and transformation, as students combine their passion for dance with a flexible, personalised learning experience.

It has been a year of learning and continuous improvement, not only for our dancers, but also for our teachers, supervisors and leaders. As time progresses, so does our capacity, resources, knowledge, and experience.

This ensures:

-  We are able to provide individual support for each of our student's learning and artistic needs.
-  We continue to expose our students to new opportunities and experiences to harness their craft.
-  We can work meticulously with our students to achieve technical excellence.

We are motivated and inspired to offer the best possible learning and training environment for our students in 2026.

WHY ACADEMY? AND WHY US?

Our program offers the perfect blend of academic excellence and elite dance training, integrating distance education with professional dance instruction.

This approach provides the flexibility for students to thrive both in their educational and artistic development. Within our close-knit, supportive environment, we nurture creativity, discipline, and growth, ensuring each student reaches their full potential - academically and on stage.

DANCE TRAINING

HOW DO WE GUIDE OUR STUDENTS TOWARDS TECHNICAL EXCELLENCE?

We have developed Academy for the young artists who are wholeheartedly committed to a career in dance.

Dance takes a heavy focus in our programming with the goal of achieving a balance between school and dance which aligns more accurately with the goals of our students.

Elite Elevation prides itself in its versatility and adaptability. For this reason, Academy works to the individual goals of each of our students through programming, mentorship, as well as personal and professional development.

Academy especially focuses on Ballet, Classical Contemporary and Foundational Jazz Technique, preparing our students for longevity in their careers.

ACADEMICS

WHAT DOES THAT LOOK LIKE PRACTICALLY?

By participating in Elite Elevation Academy, students will also need to enrol in distance education via Australian Christian College.

WHAT IS DISTANCE EDUCATION?

This kind of schooling follows a similar structure to schools with adjustments made to suit children with diverse needs and lifestyles. In our case, Academy students are considered elite level athletes/performers who are intensively dedicated to their craft.

WHAT'S THE DIFFERENCE TO 'NORMAL' SCHOOL?

Our students have teachers specialised to whichever grade and subject they are participating in and they are a part of a class with other students. The main difference to a typical schooling experience is that lessons and communication take place online rather than in person.

Class lessons are scheduled similarly to a regular school day but our students qualify for certain lesson exemptions to accommodate their dance training. Lessons are recorded and any content which is missed is expected to be caught up on.

ACADEMICS

HOW DO WE FACILITATE ACADEMIC LEARNING?

In 2026, our Academy students will have access to a fully dedicated classroom designed to support their learning. The space will include desks, chairs, reliable internet and power access, reading and craft supplies, and all essential learning tools to help them stay organised and focused throughout the day.

We are also introducing an on-site tutor who will be available to assist students with any challenging subjects, provide clarification, and offer additional support when needed. While the learning remains primarily self-directed through ACC, students will have immediate help at hand, ensuring they never feel stuck or overwhelmed.

At Elite Elevation, we supervise our students, guide them when required, and create an environment where they feel confident and supported academically. The classroom is bright, spacious, and surrounded by natural light, with convenient access to outdoor areas, a full kitchen, and secure bathroom facilities. This structure allows students to take ownership of their learning, while still having consistent academic support available throughout their day.

ACADEMICS

HOW DO WE FACILITATE ACADEMIC LEARNING?

Our job is to make sure our students complete their school work, manage their time effectively, and are provided with the resources they need to learn and grow.

Students will be given the opportunity to partake in additional activities throughout each term,

- Arts and crafts
- Cooking
- Lunch in the park
- Walking Outdoors
- Excursions
- Camps

Our staff are first aid trained and ensure that students are supervised and protected in line with our Child Safety and Wellbeing Policies and Procedures.

STEP 1 ENROL AS A STUDENT WITH:

**AUSTRALIAN
CHRISTIAN COLLEGE**

Australian Christian College (ACC) is a Christian education college whose mission is to develop each and every student to be equipped spiritually, academically, socially and physically to flourish into their full potential, and be a positive influence on the world around them.

“ACC IS
WHOLEHEARTEDLY
COMMITTED TO
EXCELLENCE IN
EDUCATION SO THAT

STEP 1 CONT. HOW TO ENROL?

Enrolling in Australian Christian College Distance Education Program is simple! Just follow this [link to start your application.](#)

Be sure to carefully fill out the application with accurate information, especially the student's schooling grade, to ensure the correct academic level is selected for their personalised learning experience. With distance education, students will have the flexibility to balance their academic and artistic commitments, helping them thrive in both areas while pursuing their passion for dance.

AUSTRALIAN
CHRISTIAN COLLEGE

STUDYING WITH AUSTRALIAN CHRISTIAN COLLEGE AS A NON-CHRISTIAN

Elite Elevation Academy welcomes and celebrates a diverse community in every sense so we'd like to acknowledge that while our students enrol with ACC they are not expected to practice Christian faith.

ACC is Australia's largest non-government distance education provider which makes them a trustworthy and reliable school to direct our students toward.

“ACC has an open enrolment policy and accepts all families regardless of their faith and beliefs”.
